Introductory Remarks

Applicant filed a Response and an RCE on March 3, 2004 in response to a Final Office Action dated December 15, 2003. The present Office Action indicates that Applicant's Response was not fully responsive to the Final Office
5 Action (*Office Action* p.2).

Appropriate correction has been provided herein. Specifically, arguments are presented in the New Claims section, page 10, to point out distinctions believed to render the new claims patentable over the applied references (new claims 38-62 are now identified as "previously presented" in
10 accordance with MPEP §714).

Accordingly, Applicant respectfully requests that this Response be entered, and that new claims 38-62 be considered for allowance.
